About Me

I am a second-year undergraduate (CCE) at LNMIIT, primarily interested in Web Development (Frontend). I have experience with **HTML, CSS, and JavaScript**, and built projects like an **Expense Manager** and a portfolio website.

I am currently exploring React to build more dynamic web applications, and also working on a Machine Learning project with my peers. I am looking for internship opportunities in **Web Development**, and I am open to opportunities in **ML** as well.

Education

DELHI PUBLIC SCHOOL GHAZIABAD

APR 2010 – MAY 2024

Class XII (CBSE): 94.4%

Class X (CBSE): 94%

The LNM Institute of Information Technology (LNMIIT), Jaipur

AUG 2024 – MAY 2028

B.Tech in Communication & Computer Engineering

Experience & Leadership

Teaching Assistant | Introduction to Scripting Languages

(ISL) LNMIIT | [Jan 2026 – May 2026]

- **Linux Systems:** Mentored students on Linux configuration, file management, process management, and remote login tools.
- **Shell Programming:** Guided hands-on sessions for shell scripting including variables, loops, and functions.
- **Python Development:** Instructed on Python syntax, data types (Lists, Tuples, Dictionaries), and file handling.
- **Data Science Stack:** Facilitated labs on NumPy for matrices, Pandas for data normalization, and Matplotlib for data visualization.
- **Machine Learning:** Supported student learning of Scikit-Learn for Linear Regression, Decision Trees, and K-means clustering.

Member | GDG On Campus & LNMIIT Alumni Association

- Collaborated on student-led initiatives to improve university-alumni engagement and technical community building.
- Developed strong coordination and communication skills through team-based event execution.

Organizing Committee Member | Plinth (Tech-fest)

- Contributed to the 'Entrepreneuria' team, hosting flagship events like "Pitch on the Rocks".
- Coordinated with a panel of esteemed investors and innovative startups to foster an entrepreneurial spirit on campus.

Technical Skills

- **Languages:** C, Java, JavaScript, Python, Shell Scripting.
- **Web Development:** HTML, CSS, JavaScript.
- **Data Science & ML:** NumPy, Pandas, Matplotlib, Scikit-Learn.
- **DevOps & Tools:** Linux (File/Process Management), Canva, Jupyter Notebook.
- **Certifications:** Generative AI Program by Finlatics.

Accomplishments

- **Smart India Hackathon (SIH) 2024:** Team nominated by the university as a participating team.
- **Senior Diploma (Kathak):** Prayag Sangeet Samiti; Secured First Division with Distinction (106/150).
- **Sangeet Bhushan (Keyboard):** Pracheen Kala Kendra; Secured First Division with Distinction (105/150).

Projects

- **Portfolio Website:**

A personal portfolio website showcasing projects, skills, and contact information. Features a clean, responsive layout with smooth navigation and interactive sections to highlight professional work.

Tech Stack: HTML, CSS

Link: <https://mishthi-garg.github.io/portfolio/>

- **YouTube Clone:**

A responsive YouTube UI clone with video grid, sidebar, and search layout.

Tech Stack: HTML, CSS

Link: <https://mishthi-garg.github.io/youtube-clone/>

- **Expense Manager:**

A fully functional expense manager built with JavaScript that enables users to add, edit, and filter transactions, track income vs expenses, and visualize spending through dynamic charts. Uses localStorage for data persistence and features a responsive UI.

Tech Stack: HTML, CSS, JavaScript, Chart.js, LocalStorage
